

## PHOTOGRAPHY OR FILMING ON PORT PROPERTY APPLICATION

We are happy to work with tenants, customers, businesses associated with the port, public agencies and not-for-profit organizations to accommodate business- and education-related requests to photograph or film on port property. However, consideration of any such requests will take into account the availability of qualified escort personnel, existing maritime constraints, and the port's commitment to honor the confidentiality requirements of our tenants and customers. Our marine terminals have strict federal security requirements and most ongoing business operations cannot be interrupted.

To request permission to photograph or film on port property for business or education purposes, please complete the Photography or Filming on Port Property application. Required information includes:

Additional photography and filming guidelines:

- Number of cast and crew may be limited.
- Amount and size of production gear may be limited.
- Electrical access may not be available or may only handle lower power lighting, etc.
- Cables, signage or any equipment that may block or impede normal facility business may not be allowed.
- Large crowds cannot be accommodated.
- The port reserves the right to deny use of any photographs or video footage that might prove to be harmful or defamatory to the port, its facilities or its customers.
- Activity in the river requires a permit from the U.S. Coast Guard.

Completed applications should be submitted to the port via fax at (360) 735-1565 or email at [kodem@portvanusa.com](mailto:kodem@portvanusa.com). You will be contacted within 24 hours regarding your request. Please note that a minimum of 10 days is required to review a request. Permission will be granted to applicants after the port determines, in its sole discretion, that the proposed activity is in accordance with federal, state and local laws and will not interfere with ongoing business operations.

For additional information or site-specific questions, contact the port's communication specialist, Katie Odem, at (360) 992-1136.
