PORT OF VANCOUVER, U.S.A.

Careers in the Maritime and Industrial Operations located at the Port of Vancouver

The Port of Vancouver USA develops and manages the infrastructure on 600 acres of industrial-zoned property for maritime trade operations and for lease to privately-owned industrial businesses.

Many positions are in the skilled trades.

- Longshore and Warehouse workers (ILWU Local 4)
- Electricians
- Heavy Equipment Operators
- Carpenters
- Millwrights
- Pile Drivers
- Pipe fitters
- Construction
- Mechanical Systems Operations
- Transportation workers (Rail engineers and truck drivers)

A decline in skilled labor due to the retirement of current workers has created a demand for new workers in these fields. Training for these jobs can be found in:

- Apprenticeship programs offered through labor unions.
- Skills centers, community and technical colleges, private training programs.
- Average salary: Waterfront \$55,000; Industrial \$43,000

Professional Fields

- Environmental Services and Assessment (Cleanup, habitat restoration, permits)
- Engineering
- Project Management
- Freight logistics
- International Business (marketing)

Tenant businesses (50)

- Auto Processing
- Wood Products Distribution
- Agricultural Products Processing and Distribution
- Petroleum Products Processing and Distribution
- Recycling – End-of-Life Electronics, Scrap Metal and Fuels
- Plastics Manufacturing
- Television Manufacturing
- Heater Manufacturing
- Concrete Manufacturing and Distribution

1 out of 3 jobs in Washington state related to trade

- 200 percent growth by 2025
- Wind energy growth – 300 percent
- Rail freight expansion
- Freight logistics
