Re: Tariff Changes effective January 1, 2019

Port of Vancouver USA will make the following adjustments to Tariff No. 6 effective January 1, 2019:

1. The front page of the tariff will revise the effective date and update the Board of Commissioners titles.
2. Environmental Fee (Tariff Item #334): This fee will increase from \$2.95 per metric ton to \$3.20 per metric ton.
3. Water (Tariff Item #342): Adjustments to the fresh water rates will be consistent with the City of Vancouver's January 1, 2019 water rate increases.
4. Commodity Rates (Tariff Item #405): Remove "Blisters" as a commodity and insert "Coated Pipe".

A new tariff dated January 1, 2019 will be posted to the port's website shortly located at: www.portvanusa.com (see Marine tab and scroll to Resources). Please ensure you are using the correct tariff on January 1, 2019.
