Port of Vancouver USA

Located at the intersection of river, road and rail, the Port of Vancouver USA is a multi-purpose, global port authority in Vancouver, Washington.

Port of Vancouver USA. We connect with the world to bring possibility home.

QuICK FACTS

• Established in 1912
• The third-oldest port in Washington state
• Located along four miles of Columbia River waterfront
• Over 1,600 acres of property
• Marine and industrial expertise

Strategically located on the Columbia River, the Port of Vancouver serves as the premier gateway to the United States and Canada.

• Five terminals with 13 shipping berths
• 43-foot, deep-draft shipping channel
• Two 140-metric-ton mobile harbor cranes
• More than 700,000 square feet of waterfront warehousing
• Between 400 and 500 vessel calls annually
• 7.5 million metric tons of cargo handled annually
• Approximately 80% exports and 20% imports

Marine Benefits

• Top exports: grain, corn, beans, scrap steel and other bulk materials
• Top imports: steel, dry and liquid bulks, autos

Industrial Advantages

Our unmatched location, key resources and highly skilled workforce make the port an ideal place for businesses to grow and thrive.

• Over 2.5 million square feet of industrial warehousing
• Over 850 acres of developed property for industrial and marine activities
• 11 ready-to-build acres (5 lots) at our Centennial Industrial Park
• 600 acres of land for future development
• Dual rail carrier service (BNSF and Union Pacific), unit train capable
• Easy access to river, road and rail transportation—10 miles to Portland International Airport
• 40 miles of port-owned rail infrastructure

Jobs & Economic Activity

We’re proud to be one of the largest engines of economic growth for Southwest Washington.

• Port activities generate $3.8 billion in annual economic activity and over $132 million in state and local taxes to fund public services
• More than 3,900 direct jobs and over 24,000 regional jobs are supported by port activities
• Port activities contribute nearly $400 million in community spending on housing, goods and services

State of the Environment

Protecting the environment is good for the community and economy. Here’s how we make it a priority:

• Purchasing renewable energy credits
• Creating wetlands while protecting natural habitats
• Innovative solutions for stormwater runoff
• Environmental remediation and cleanup
• 150-acre wetland mitigation bank
• Tenant Environmental Management Program
• Clean air initiative
• Community partnerships
• Support sustainable development and operations

Discover Terminal 1!

Downtown Vancouver is getting a new waterfront destination for shopping, dining, and more.

Located at the site of the port’s original 1920s warehouse, Terminal 1 will feature a public marketplace and offer a mix of community and culture along the Columbia River.

Features will include:
- Vendors selling local goods
- Restaurants
- Craft breweries
- Green space for public activities
- Public dock
- Bike and walking trails
- 150-room AC by Marriott Hotel
- Local and regional art
- Commercial office space

Visit www.discoverterminal1.com and sign up for our Waterfront Views newsletter for Terminal 1 updates.

Connecting our Region to the World

The Port of Vancouver has been governed by a three-person, publicly elected commission since its founding in 1912. Port commissioners Eric Labrant, Jasli Burkin and Don Orange represent port district citizens. They each serve six-year terms and are responsible for setting port policy. Monthly commission meetings are open to the public.

Our Mission
The Port of Vancouver’s mission is to provide economic benefit and leadership, stewardship and partnership in marine, industrial and waterfront development.
